Orientering om ACTALLIANSEN.

Mellomkirkelig Råds møte februar 2010

1. Etableringen av ACTALLIANSEN er resultat av en lang, tildels kontroversiell og stimulerende prosess tilbake fra 1993. Resultatet, slik det fremstår i det vedlagte grunnlagsdokumentet (founding document), er et kompromiss i beste forstand og er det viktigste resultatet foreløpig av arbeidet med å utvikle en ny arkitektur for den økumeniske bevegelse, tilpasset det 21. Århundre. Personlig må jeg si at prosessen har vært krevende, men fremstår også som et meget inspirerende eksempel på at økumenisk prosess der meget sterke motsetninger ble håndtert og løst. Gen.sekr. Sam Kobia var svært viktig for at denne prosessen ble fullført og at en fant en enhetlig løsning.
2. Formelt er ACTALLIANSEN en fusjon av ACT International – den økumeniske bevegelses koordineringsorgan for katastroferespons etablert 1995 og med ca 160 medlemmer, og ACT Development fra 2007 med ca 75, tildels overlappende medlemmer. ACTALLIANSEN er forankret i Kirkenes Verdensråd både ved at KV som organisasjon er ex officio i styret og leder generalforsamlingen, og ved ett av kriteriene for medlemskap er formell tilknytning til en medlemskirke i KV. ACTALLIANSEN er også forankret i Detlutherske Verdensforbund, begrunnet i LVFs historiske funksjon i ACT International, noe som igjen hviler på at LWF hadde opprettholdt en avdeling –Lutheran World Service – med direkte, gjennomførende humanitært arbeid og som derfor en internasjonalt anerkjent aktør i katastrofesituasjoner. Det er sannsynlig at vi i årene fremover vil måtte gi tilsvarende, konfesjonelt baserte humanitære organisasjoner en status på linje med LWF.
3. Medlemmene i ACTALLIANSEN er kirker ,(eks. Church of Sweden der det humanitære arbeidet er integrert i Kirkemøtestrukturen), organisasjoner knyttet til én kirke (FinnChurch Aid, Icelandic Church Aid) eller organisasjoner knyttet til flere kirker (Folkekirken Nødhjelp, Kirkens Nødhjelp) som har som formål å arbeide med katastroferespons, langsiktig utviklingsarbeid for samfunnsendring og beslutningspåvirkning. Situasjonen i Norden illustrerer at kirkene i samme geografiske og konfesjonelle kontekst har valgt ulike måter å organisere sitt arbeid for det som Kirkens Nødhjelp kaller diakonalt arbeid for global rettferdighet. Denne variasjonen i organisering gjenfinnes på alle kontinenter. I den utstrekning det er økumeniske organisasjoner skyldes dette svært ofte nærhet til utviklingen av den moderne økumeniske bevegelse. Det er altså ikke riktig, slik det ofte hevdes i økumeniske miljøer, at én organisasjonsform er knyttet opp til vestlig tenkesett, mens en tenker helhetlig andre steder i verden. Det er denne variasjonen i organisasjonsform som har vært det største hindret for å finne fram til en felles organisasjonsform der alle kan delta på lik linje.
4. ACTALLIANSEN forsøker å gjøre variasjonen til en styrke. Derfor er den organisert som en allianse og ikke som én organisasjon. Medlemmene beholder sin selvstendighet og egenart, men slutter seg til et felles oppdrag og verdigrunnlag, forpliktelse på ulike kvalitetstandarder og til gjensidig åpenhet. Det betyr at ikke all aktivitet hos medlemmene skal skje innenfor

alliansen, men alle er forpliktet til å relatere til hverandre, integrere det felles logo i sine logo og bidra økonomisk. Arbeidet med logo er et eksempel på dette der løsningen ble co-branding, dvs at hver organisasjon beholder sine logo, men integrer ACTALLIANSENS logo i sitt eget. Slik kommuniseres ett av alliansens komparative fortrinn, nemlig at den består av nasjonalt forankrede organisasjoner og har globalt omfang.

5. Alliansen skiller seg fra tidligere, global økumenisk organisering av dette arbeidet ved at både kirker og kirkelige organisasjoner deltar på lik linje i beslutningstrukturene. Dette gjør at ACTALLIANSENS oppdrag er langt spissere enn det en organisasjon av kirker vil og kan ha og slik gjør det mulig å utvikle en faglig kvalitet som er nødvendig i vår tid. ACTALLIANSEN skiller seg også fra Kirkenes Verdensråd (og LWF) ved at alle medlemmer kan delta i generalforsamlingen med likt stemmetall og at alle må bidra økonomisk utover medlemskontingenten, men tilpasset økonomisk kapasitet.
6. I forhold til de store organisasjonene/alliansen innenfor det humanitære området, skiller ACTALLIANSEN seg fra de fleste av dem ved at den har et reelt globalt medlemskap av nasjonalt og lokalt forankrede organisasjoner (som Caritas og Røde Kors/Røde Halvmåne føderasjonen, men ulikt Care, Oxfam, Save the Children, MSF, Plan), at hele alliansen arbeider med katastrofehjelp, langsiktig bistand og beslutningspåvirkning (som Oxfam og i noen utstrekning Care, Caritas og Save the Children men ulikt Plan, MSF og Røde Kors) og at alliansen knytter seg til en samfunnsaktør som organiserer 5-600 millioner mennesker (bare Caritas er større).
7. FNs koordineringsorgan for humanitær assistanse (OCHA) har en styringskomite for ikke-statlige organisasjoner. Her deltar de 10 største organisasjonene. Det lutherske Verdensforbund og ACTALLIANSEN har medlemskap her. ACTALLIANSEN vil ha et volum på mellom 1.5 og 2.0 milliarder dollar og er med det an av de fem store. Denne posisjonene i kraft av størrelse er imidlertid lite kjent i det offentlige rom fordi før dannelsen av ACTALLIANSEN har den globale og lokale branding vært meget svak på alle måter.
8. ACTALLIANSEN ble formelt etablert 1.1.2010, websiden blir lansert 10.mars og det vil bli lansering 24. Mars. Det ser ut til at det blir 100+ medlemmer ved lanseringen med medlemmer opp mot 60 land og med virksomhet i langt over 100 land.
9. Det er en stor utfordring å finansiere alliansens sekretariat (ca. 2.8 millioner US-dollar) i en tid der de største medlemmene strever med inntektsgrunnlaget. Sekretariatet finansieres med fire inntektskilder: flat medlemskontingent, inntektsbasert bidrag (0.1% av totalvolum for inntekter over 1 mill dollars), 3% internasjonal koordineringsbidrag på katastrofeappeller, og frivillige bidrag til spesielle prosjekter. Den andre hovedutfordringen er å faktisk få til koordinering lokalt og globalt. I tillegg er det en lang rekke store og mindre utfordringer på alle nivåer.

ACT ALLIANCE - ACTION BY CHURCHES TOGETHER
Founding Document
Final document approved by Joint Executive Committee meeting
February 27, 2009

Vision, Mission, Commitments, Objectives and Activities

Action by Churches Together - ACT Alliance is a global alliance of World Council of Churches (WCC) and Lutheran World Federation (LWF) member churches and related organizations committed to working ecumenically.

Vision Statement

United in the common task of all Christians to manifest God's unconditional love for all people, the ACT Alliance works towards a world community where all God's creation lives with dignity, justice, peace and full respect for human rights and the environment.

Mission Statement

As churches and church-related organisations, we work together for positive and sustainable change in the lives of people affected by poverty and injustice through coordinated and effective humanitarian, development and advocacy work.

Statement of Commitment

ACT Alliance members are bound together by several core values that are grounded in our Christian faith and which guide our humanitarian, development and advocacy work.

We believe that all persons are created in the image of God. Therefore,

- we act in ways that respect dignity, uniqueness, and the intrinsic worth and human rights of every woman, man, girl and boy
- we respond to human suffering irrespective of race, gender, belief, nationality, ethnicity or political persuasion
- we will promote an integrated approach to our work, which includes development, humanitarian assistance, disaster risk reduction, rehabilitation and advocacy
- we promote a participative, open, enabling style in working relationships where communities are central to identifying their own needs and assets and in determining priorities, approaches and mechanisms for response
- we support women's participation and right to make decisions in all aspects of their own lives and that of their family and community
- we will reflect in communication and fundraising materials the dignity and initiative of affected communities and people will not be portrayed as helpless victims
- we will guard against the abuse of power by those responsible for protection and assistance to vulnerable communities

We believe that God the Father as known through his Son Jesus Christ and revealed through the Holy Spirit and Scriptures, is the God of love who stands beside the poor and oppressed. Therefore,

- we will speak out and act against those conditions, structures and systems which increase vulnerability and perpetuate poverty, injustice and the destruction of the environment

- we will stand alongside women, men, girls and boys suffering from oppression by supporting effective development, humanitarian and advocacy programmes
- we will integrate peace-building, reconciliation and psychosocial aspects into our work with communities affected by conflict, violence and trauma
- we will not act as an instrument of any particular government's policy nor accept conditions on funding that would compromise our capacity to speak or act independently

We believe the church is called to manifest God's gracious love for all people and work towards a reconciled human community. This witness is more clearly communicated to the world when we work together as members of one body of Christ. Therefore,

- we commit ourselves to listening to, learning from, and sharing experiences with other members in order to improve the quality of our work and draw on the rich diversity of our alliance
- we will build relationships, strengthen effectiveness and avoid duplication through our cooperation
- we will recognise and value the unique gifts that each of us has been given
- we give priority to the role of local churches and their ministries in responding to the humanitarian and development needs of their local community
- we will contribute to that vision through the inclusion of advocacy, capacity development of members, spiritual accompaniment, peace-building and psycho-social assistance in our humanitarian and development work.

We believe that the earth and all it contains are God's gifts, given out of love and care for all created beings. Therefore,

- we commit ourselves to act in ways that will protect and restore the environment
- we will work to change systems and structures that degrade the environment and thereby increase the vulnerability of poor and marginalised communities

We believe that the resources available to us are not our own, but are a gift from God, and our vocation to service calls us to be faithful to principles of good stewardship. Therefore,

- we will uphold principles of mutuality and transparency in relating to each other, including the provision of accurate and timely programmatic and financial information to each other
- we will meet the highest standards of truthfulness and integrity in all of our work
- we will uphold high ethical and program standards of accountability, recognising our accountability to those we seek to serve, to those who support us, to each other, and ultimately to God
- we will prioritise the use of available local resources in our efforts and use approaches which strengthen existing community capacity

The Governing Board may appoint Advisory Groups, which are not part of the governance structure, to serve the Governing Board or Executive Committee. Membership of the groups will be from the membership and may include members of the Governing Board or Executive Committee. Prior to establishing an Advisory Group, funding would need to be assured to cover its costs.

6. Role of National and Regional Forums

National and Regional Forums will play a crucial role in the two-way communication between members and the governance of the alliance. Members of the Governing Board and Executive Committee will be expected to bring input from members in the region they represent to meetings and then report back to the regions through the national and regional forums.

The role and functions of the national and regional forums will be guided by relevant policies set by the Governing Board.

7. The ACT Alliance Secretariat

There will be a Secretariat led by a General Secretary who is accountable to the Governing Board. The General Secretary will be the prime spokesperson for the ACT Alliance.

The ACT Alliance Secretariat will work with its members to realise the objectives and functions of the ACT Alliance including:

1. developing the capacity of its members so that they deliver high quality and effective development and advocacy programmes and can respond quickly and effectively to emergency situations
2. promoting cooperation of its members in their development, humanitarian and related advocacy work through national and/or regional forums, specific global initiatives, and other means
3. facilitating the emergency response of members through coordinated appeals and implementation of assistance through national or regional forums (wherever possible)
4. promoting strict adherence to the Code of Good Practice for the ACT³ Alliance and to other codes and standards to which the ACT Alliance is a signatory
5. promoting the visibility of the ACT Alliance through coordinated communications and ensuring adherence to the ACT Alliance branding policy
6. actively engaging in international debates and initiatives on development and humanitarian issues

³ This will draw on the existing codes currently used by ACT International and ACT Development

High Quality

High quality is one of the pillars for the ACT Alliance to achieve its vision, mission, aims and goals. Key elements of high quality include how the member organizations deal with issues related to management, work approaches, program, reporting, and relationships in an accountable and transparent manner. ACT understands high quality as a learning and peer process, which allows its members to learn from each other and to make them accountable to each other and to affected populations. High quality means ACT members effectively implementing ACT Code of Good Practice, ACT policies, guidelines, and procedures, and key related principles (e.g. Code of Conduct, Principles of Partnership), and the minimum standards required of such policies.

High quality embraces the following dimensions:

Accountability and transparency: Accountability and transparency are the acknowledgment, communication and assumption of responsibility for actions, decisions, and policies including administration, governance, implementation and consequences of the implementation of all activities the member is involved in. Accountability and transparency refers to our stakeholders who are those we serve, those supporting us and to other members in the alliance

Governance: ACT members ensure their governing bodies set and safeguard a long-term direction for their organizations (leadership + stewardship) and ensure everything is in place to pursue this direction, as a framework for effective work. The members of the governing bodies set boundaries, approve budgets, receives annually audited accounts and check the agreed direction is followed to ensure that actions comply with the organization's constitution, policies, the law, key stakeholder requirements.

Management: Leaders and managers function as strategic thinkers and are able to look at all dimensions of program design, planning and implementation, promote diverse experience, demonstrate leadership attributes, and be committed to continuous learning. They should also have a common vision of the future, be good team players who are committed to creating added value for all stakeholders – affected population, staff, and local partners – by getting the best from their people and leading continuous innovation.

Work Approach: ACT member adopt a multi-pronged approach to emergency, rehabilitation and development, which takes into account the reality that different needs and phases of emergency response and development can co-exist simultaneously. Awareness of and conscious reference to the human rights of poor and marginalized women and men, boys and girls, ensures root causes of poverty, exclusion and environmental degradation are addressed. Participatory approach is crucial for engaging local people in a joint learning exercise and for ensuring ownership and sustainability on common actions.

Program: ACT members work for building people's capacity and competence, both as individuals and as communities, to achieve results for themselves. Thematic areas are not addressed separately but are considered integral parts of all lines of action; in particular this implies an intrinsic linkage between relief, rehabilitation, development and related advocacy issues. Programmes should have clear exit strategies for their projects.

Reporting: ACT members provide timely and accurate reports, ensuring coherence between finance and program. They ensure transparent and accountable control environment, starting by recruiting the right people and constant staff training, putting emphasis not only on competence but also on integrity, ethical values, management's operating philosophy and the way authority and responsibility are delegated. ACT members are constantly monitoring and improving their standards and control instruments to meet the programmatic and administrative requirements necessary to achieve their priorities.
